## WORK AT TECH HOUSE.

**More Men Needed.—Great Opportunities Offered.**

The maxim goes that there is a man for every opportunity. Out in Roxbury there is an opportunity for every man in the Institute, an opportunity to serve others and help himself. The Tech House is the headquarters of an organization of Technology men who undertake to supply class leaders for the settlement work of the Roxbury League. The undertaking is ambitious, but it is of the right kind, and it depends upon the spirit of the Institute men to make it worth while.

Last year sixty men went out to see what they could do. Some of them stayed longer than others, but all of them got some good out of it. This year only twelve men appeared for trial. Where are the other fifty? Did all the good material belong to the class of 1905 or haven't the men of the other classes come round to it?

The service asked amounts to about three hours a week, from 7.30 to 9.30 or 10 for one night. It takes no appreciable time from study because the studying can be provided for by doing a little work ahead each night. The months in which the mission work is done are from October to April, so that the cramming for the June examinations is not interfered with. Many Seniors have afforded the time, and their's is the busiest class in the Institute; so under class-men can not excuse themselves on account of study.

Men are wanted to teach classes in basket ball, gymnasium work, and the elements of woodworking, and to help get up enthusiasm in debating and checkers. It is not necessary to be a professional or even an adept. Everybody who knows the least bit more than his scholars (and the latter know little), is asked to go out and show what he knows. Men who have any thought of going into this work are requested to communicate with H. M. Nabstedt, 138 Eustis street, Roxbury, or at Cage.

### MISSOURI CLUB.

The Missouri Club will hold its annual dinner at the Tech Union, Wednesday at 6.30 P.M. Any man who has at any time lived in Missouri is requested to attend, and to send his name at once to John B. Harlow, 48 Hereford Street.

### HOCKEY TEAM MAY PLAY YALE.

A game with Yale is a possibility for the Hockey Team. Letters in regard to games have already been received from Brown, Dartmouth and Andover, but nothing has been done with regard to these challenges owing to the uncertainty of the management's securing a rink. Two rinks are to be built at the Huntington Avenue Ball Grounds, and Tech may secure the use of one of these.

## HARE AND HOUND CHASE.

**Most Invigorating Run of the Season Held Last Saturday.**

Last Saturday's run of the Hare and Hound Association was the most invigorating one held this season. The run started at the Chestnut Hill Pumping Station in Brookline, and the Hares, A. R. Hunter, '08, and E. McC. Smith, '09, laid a trail of seven and one-half miles over Pigeon Hill, through the grounds of the Country Club, and over Walnut Hill, returning by the way of Hammond Pond and Beacon Street. The bags were found by Christiansen, '07, and Milen, '07. The order of finishing was: 1st, Ruggles, '06; 2d, Christiansen, '07; 3d, Howland, '08; 4th, Clapp, '08; 5th, Newton, '06; 6th, Campbell, '06.

The time of the Hares was 1 hour and 35 minutes, and that of the Hounds 1 hour and 40 minutes.

As Captain Hunter ran Hare, G. H. Ruggles acted as captain of the Hounds.

Next Saturday the men will jog the course of the handicap cross country race.

### CADET OFFICERS APPOINTED.

The following appointments to the Freshmen Cadet Battalion are announced as a result of the examination held last Thursday:

To be Major, H. L. Carter, '08. To be Captains, H. T. Gerrish, '08, W. F. Dolke, '08, C. E. Whitten, '08, C. S. Lufkin, '08. To be First Lieutenants, W. O. Ames, Adjutant, A. W. Heath, '08, Quartermaster, A. D. Keables, P. B. Lord, W. W. Clifford, G. E. Hodsdon. To be Second Lieutenants, G. L. Lawrence, E. Q. Adams, D. W. Sleeper, A. F. Jackson. To be First Sergeants, A. L. Shaw, D. P. Marvin, E. M. Smith, C. P. Shillaber. To be Second Sergeants, W. C. Read, H. F. Miller, F. A. Casey, H. W. Symons. To be Third Sergeants, F. D. Neill, H. R. Perry, A. F. Herald, S. L. Bundy. To be Fourth Sergeants, C. W. Gram, B. R. Fuller, A. S. Warner, K. D. Godfrey. To be Fifth Sergeants, D. W. Smeaton, F. H. Bishop, H. S. Lang, H. C. Turner.

(Signed) FRED WHEELER,

Pres. Mass. Inst. Tech.

### MECHANICAL ENGINEERING TRIP.

A special car started from the South Station for Quincy at 1.57 Saturday afternoon, occupied by the members of the Mechanical Engineering Society. The inspection of the Quincy Point Power Station of the Old Colony Street Railway Company, and in particular of the Curtis turbines used there, was the purpose of the excursion. Prof. Miller and Mr. Riley represented the Faculty. The return, made in the same pomp as the departure, was begun at 5.29.

## MORE HONOR FOR TECH.

**Three Tech Men Members of the Nation Academy of Science.**

There was held last week in New Haven a convention of the National Academy of Science, which holds the same dignity and authority concerning matters scientific here in America that the Royal Academy of Science possesses in England. The United States Government appointed the original Academy and when puzzled about scientific conundrums often turns them over to this body for debate and consideration. In a way it may claim a position in the scientific world such as the Supreme Court holds in the legal world, for it is a scientific court of the last resort. To be one of the ninety-five members, who are all entered on the membership roll only on the basis of the amount and the value of the research work they have done, is an honor for any scientist; and the high reputation of Tech is sustained in that three present members are either graduates of the Institute or officers of the Faculty. These are Prof. Crafts and Prof. A. A. Noyes, and Mr. George E. Hale, '90, VIII. Pres. W. B. Rogers, founder of the Institute, was one of the first ninety-five members.

### LOWELL INSTITUTE LECTURE.

Professor Barrett Wendell of Harvard University, delivered a Lowell Institute lecture on Friday night, November 17. The lecture was on "The National Ideals of America," and is part of the Third Course. About one hundred and fifty people attended, and found Professor Wendell's lecture exceedingly interesting.

Attention is called to the fact that the series of lectures by Professor Wendell on "American Ideals" was completed last Friday as originally announced in the schedule, and that none were postponed as stated in THE TECH of November 15.

### CHESS TEAM CHOSEN.

A team of five members was chosen by the Chess Club at a meeting held Saturday at 1 o'clock in 11 Rogers, to play the Dorchester Chess Club tomorrow evening at the Boston Chess Club's rooms. The team is as follows:

S. F. Nelson, '09; E. T. Henius, '06; C. B. Morey, '06; S. F. Barnett, '09, and S. P. Newton, '06.

Out of the club, which now numbers nineteen, four sections of four and five men were chosen to get practice by playing against one another during the early winter.

A large number of surveying and meteorological instruments will be on exhibition in 53 Eng. A this afternoon from 2 to 4.30. The Civil Engineering Society has charge of the exhibit and invites all members of the Instructing Staff and all students to view these instruments.

## FACULTY NOTICES.

**THANKSGIVING DAY.**—Exercises at the Institute will be suspended on Thursday, Nov. 30.

**THIRD YEAR.**—Lectures in Gas Analysis for Course X, 3d Year, will begin today in 24 Walker at 2 P.M.

**PHYSICAL LABORATORY.**—The last exercise for students in Courses VI and VIII, and for students making up deficiencies will be on Saturday, November 25. A clear record in Courses 773 and 774 is necessary for admission to the work in the electrical laboratory during the last five weeks.

**HEAT.**—Students in Courses I, V, and XI, should register in 16 Walker, not later than today, and obtain their assignment in Heat (see Laboratory Notes on Heat), prior to the first exercise, as reference to the notes is not permitted in the laboratory. The first exercise will be held on Monday, November 27. Students in Courses II, VII, X, XII, and XIII beginning laboratory work will meet in 22 Walker, for instructions, on Thursday, November 23.

**PRECISION OF MEASUREMENTS.**—The exercises for Course II will begin as per Tabular View on Tuesday, November 28.

### JUNIOR CLASS PICTURE TAKEN.

The *Technique '07* picture of the Junior Class was taken on the steps of the Natural History Museum Friday at 1 o'clock. Four exposures were made by the photographer, and two other men took advantage of this opportunity of photographing the class in a body. Judging from the size of the crowd, every man who is, ever was, or ever hopes to be in 1907 was in the picture.

F. T. P.—You don't say!

S. T. P.—Fact—big fire in the publishing house!

The character of the first concert held by the Musical Clubs argues well for the success of that organization during the present year, but to surpass the record established last year will be no easy matter. In the quality of the concerts given during last winter and in the financial success of the management a record far ahead of all previous seasons was established. The Clubs have begun this fall with a large membership and considerable enthusiasm so that we may expect them to give a good account of themselves and at least to equal the work of a year ago.

Chicago University has made a new student regulation—"No Freshman or sub-Freshman shall smoke either on the campus or in any university building except the dormitories."

The "beautiful snow" poet is with us once again. He hands in the following:

"The sad November days have come—

The saddest of the year!  
It's a little too warm for whiskey hot,  
And a little too cold for beer."

—Boston Herald.

Sophomore—Can't you work the home folks for money?

Junior—No, everybody works but father.

## NOTICES.

1908 RELAY TEAM.—Meeting in 11 Rogers today at 1 o'clock. It is necessary that every member be present. Important.

BASKET BALL.—On Wednesday there will be a meeting at 1.05 P.M. in 22 Rogers of all those interested in basket ball.

1909 MEETING.—An important meeting of the Freshman Class will be held in Huntington Hall, Tuesday at 1 P.M. Results of the class elections will be announced.

CHEMICAL SOCIETY.—The Chemical Society will hold a smoker at the Union tomorrow at 8 P.M. Dr. Henry Fay is to speak on "High Speed Tool Steel," and will discuss the subject from a chemical standpoint.

MINING ENGINEERING SOCIETY.—There will be a meeting of the Mining Engineering Society in 2 Rogers, Wednesday at 4.30 P.M. H. C. Plummer, '06; J. A. Root, '06; and C. J. Trauerman, '07, will talk on their summer work.

TECH SHOW 1906.—Wanted, applicants for position as Assistant Business Manager; experience in card catalogue systems and in general business methods a consideration. Appointments on merit alone. Address communications to Business Manager, Cage.

**AT THE THEATRES.**

**Hollis Street Theatre.**

One week more remains of the  
 engagement of Lulu Glaser's excel-  
 lent company at the Hollis Street  
 Theatre, where "Miss Dolly Dollars"  
 has proved such a success that it has  
 established Miss Glaser as one of the  
 prime favorites of the theatre. She  
 is jollier than ever, and her fund of  
 good spirits is exactly suited to the  
 character of the American heiress  
 travelling abroad, and bothered  
 nearly to death by impecunious  
 suitors of all nationalities who want  
 her hand and her millions. The  
 right lord gets both, thanks to the  
 good will of H. B. Smith, librettist,  
 and Victor Herbert, composer, and  
 "Miss Dolly Dollars" ends delight-  
 fully.

**Park Theatre.**

Bernard Shaw worshippers will be  
 perfectly happy next week, for Ar-  
 nold Daly and all his New York  
 company of players will come to  
 Boston to present "You Never Can  
 Tell," which is well known as the  
 biggest hit that this brilliant young  
 actor has made in New York. Even  
 "Candida" was eclipsed by this more  
 recent production, which ran for the  
 greater part of last season at the  
 Metropolis. It comes here under  
 the most favorable of auspices, with  
 the original favorites in the cast, and  
 a production exactly in harmony  
 with the ideals of Bernard Shaw.

**Colonial Theatre.**

Nat C. Goodwin will prove a  
 magnetic attraction at the Colonial  
 Theatre and there will surely be  
 large and enthusiastic audiences to  
 greet him in "Wolfville." The  
 powerful Western novel by Alfred  
 Henry Lewis has been splendidly  
 dramatized by Clyde Fitch and  
 Willie Steel, who have given Mr.  
 Goodwin one of the most powerful  
 characters that he has ever essayed.  
 As the Western gambler of the story,  
 Mr. Goodwin has made a greater hit  
 than any that has been known by  
 him in recent years, and the com-  
 pany supporting him is the strongest  
 that Mr. Frohman could select.

**Tremont Theatre.**

The many people on the stage  
 during the performance of "The  
 County Chairman," which plays two  
 weeks more at the Tremont Theatre,  
 with Maelyn Arbuckle in the title  
 role, do not merely form a back  
 ground. They each represent a dis-  
 tinct village type, and many of them  
 have important parts. George Ade  
 was able to write a great play like  
 "The County Chairman" because he  
 was brought up in a little Middle  
 Western village and knew just what  
 he was talking about. "The County  
 Chairman" ran for 213 performances  
 in New York and 113 performances  
 in Chicago, 5 weeks in Philadelphia  
 and 5 weeks here in Boston, where  
 it was the hit of the season, and has  
 been pronounced by the press gen-  
 erally as the greatest American play  
 of modern times.

## ROUND TABLE DINNER.

The Round Table held its first  
dinner at the Westminster Hotel  
Saturday evening. All of the mem-  
bers, together with a large number  
of old members, were present. Af-  
ter the dinner a reception was given  
to twenty-five Freshmen, who had  
been especially invited to be pres-  
ent. A very enjoyable evening was  
spent.

The Harvard Seniors won the first  
game of the inter-class football  
series at Cambridge Friday after-  
noon, defeating the Juniors, 5 to 0.  
Dignowity played a star game for  
1906. The freshmen and sopho-  
mores will meet today. Later in  
the week the winner of this match  
and the Seniors will play for the  
inter-class championship.

At a meet between the Harvard  
Gun Club and a picked team from  
the Boston Gun Club, on Soldiers  
Field Friday afternoon, the Harvard  
team won by a score of 19-187.  
The best score of the day was 42  
out of a possible 58 birds, which  
was won by Wickers, Law

## Castle Square Theatre.

The production of "Diplomacy"  
at the Castle Square Theatre this  
week brings another Sardou play  
before the Boston public. Only a  
few weeks ago his "Cleopatra" was  
cordially and enthusiastically re-  
ceived, and now his "Diplomacy"  
will show another phase of the great  
Frenchman's talent. "Diplomacy"  
is a highly exciting dream of love  
and political intrigue, and its suc-  
cessive scenes develop a plot that  
keeps the audience in a constant  
state of suspense. The central char-  
acter is a gifted adventuress in the  
service of the Russian Government,  
and it requires the united action of  
almost the entire dramatis personae  
to thwart her evil purposes.

Lost, at Tech Field, Monday,

## The Technology Review

A QUARTERLY MAGAZINE  
DEVOTED TO THE  
INTERESTS OF THE  
MASSACHUSETTS INSTITUTE  
OF TECHNOLOGY

AND

Published by the Association of Class  
Secretaries

83 Newbury Street, Boston

The Review aims to develop closer  
relations among Institute men, and to  
stimulate their interest in the work of  
the College.

It is in no sense an engineering  
magazine, but deals broadly with the  
problems of Technological Education  
and the responsibilities of the profes-  
sional man.
